

Our International Hearts Center South American Councils and the Argentina-Uruguay Pilgrimage

The International Hearts Center Council works together with its sponsors Micah, the Angel of Unity; Archangel Michael; El Morya; Saint Germain; Afra; K-17; Casimir Poseidon, Hercules and Mighty Victory. We call to our beloved sponsors and the entire Spirit of the Universal Brotherhood as we immaculately see and accept that...

I. Every member of The Hearts Center of Santiago Council—Monica Urrutia, Patricia Zurita, Susana Abumohor, Nury Cubillos, David Ponce and Jaime Urrutia—is protected as they work together on international council projects:

- All communication and translation technology is functioning perfectly.
- The translations of *Saint Germain on Advanced Alchemy* and *Advanced Studies of the Human Aura* into Spanish by Susana Abumohor, Jaime Urrutia, and Monica Urrutia are completed ahead of schedule with clarity and precision of language.
- Our Chilean heartfriends enjoy abundant health and vitality as they fulfill their sacred labors.
- The event in Reñaca, Viña del Mar on October 15 with David Christopher Lewis and Chilean heartfriends to bless the new center is God-victorious in anchoring light, blessings and miracles for the nation of Chile and all South America.

II. Every aspect and planning of The Hearts Center’s first international congress and pilgrimage—*Saint Germain Comes with Great Cosmic Beings to Anchor the Light of Freedom in South America*, October 7–13—unfolds in perfect harmony and in accord with heavenly timetables to insure a victorious outcome.

- Spanish-language products to be offered at our event include at least two translated Meru Press books and two or more translated Hearts Center rosaries.
- Our event-planning team members in Argentina and Chile—Marina Rugilo, Cristina Cerbo, and Jaime Urrutia—are protected as they work together with Claire Brown on the pilgrimage, and with one another for local heartshare.

- The presentation and funding of “A Chance for Every Child,” a South African-based initiative to be introduced at our international event, is victorious in every way.
- All heartfriends who desire to attend our October event joyously manifest the abundance required.
- Flights and every travel mode to and from our event are protected and on schedule.
- The weather during our event—in Buenos Aires, Argentina, Colonia Valdense and Villa la Paz, Uruguay—and travel days everywhere, before and after, are temperate and perfect—twenty-four hours of every day.
- With great gratitude we thank Casimir Poseidon and all the sponsoring masters of this event as well as our beloved donors for supplying in perfect timeliness all the abundance that is required to support our heartfriends from around the world—those whom the masters have named—to attend this event.
