

O beloved Divine Director, we respond to your call for an ongoing vigil for the unborn and for children of all ages. We understand that in order for the Golden-Crystal Age to be made manifest that the enlightened souls of the seventh root race must come into incarnation. To that end, we call to the masters who work with the ascended masters' sacred etheric retreat for families and children over Cuernavaca, Mexico. We especially call to beloved Lanello and Clare de Lis, the Divine Director, Mother Mary, Saint Germain and Portia, and we ask you to ...

- Expand, increase and raise up everyone's awareness, understanding of and reverence for families,
- Facilitate with us the bringing about of the Golden-Crystal Age through families,
- And safeguard the children!

Beloved Divine Director, please give us an assignment and put us to work so that we together might save the children! We enfire Earth's grid of light with the light of our own inner being and energize that grid through our consciousness to assist all incoming children. Many loving hearts the world around are preparing the way for them.

Beloved Archangel Michael and Angel of Deliverance, descend now with your legions of light! Protect the Divine Mother in the Earth! Protect her children! Protect the work of the Divine Mother in the Earth! Beloved Mighty Victory, come forth now with the absolute victory of the family unit and what a true family is!

O God, let the children of the seventh root race incarnate unhindered and free, glorious and whole! Let the mighty Golden-Crystal Age be made manifest! We thank thee and we accept this done right now according to your holy will! Amen!
