

Canadians United as One People—Heart, Mind and Soul

I AM the Holy City's miracle light that unites all Canadians as one people in divine purpose. Government immigration policies articulate, defend and strengthen Canadian unity. They instruct immigrants on the distinctive, core heritage that has made Canada a great nation—the core moral beliefs, duties of legal and political institutions, individual freedoms, rule of law, and checks and balances on power and corruption. Immigrants embrace these foundational values, pledge their love and loyalty to the country, live their rights and responsibilities with integrity, and are free to promote their own culture using their own resources. Unity, social bonding and economic growth flourish. Immigrants realize it is a privilege to live in a nation that honors the sacredness of human life and its diverse cultures. Canada implements a stringent screening process which protects the safety of its citizens, selecting only deserving applicants for entry into the country.

Sealing

I call forth Mother Mary's Matrix of Emerald Magnification of light to flow through my third eye. I summon the geometric matrix of perfection, a sphere within a pyramid within a cosmic cube. Beloved Cyclopea, empower it with God's pure vision for the manifestation of Canada's Holy City; for with God-vision, all things are possible. I see it, believe it, know it, accept it, and it is so.

I call forth the mighty action of the fiery rose-heart crystal talisman under Canada which pulses with the sacred heartbeats of Earth and of Heros and Amora and is infused with the energy fields of the Maxin light and the Great Central Sun Magnet. Let true love and beauty emerge; grace, harmony and peace flow; and every soul return to her original pink Presence of Love.

Beloved Archangel Michael, I honor your statement: “As Canada goes, so goes the Northern Hemisphere of the Earth,” and so I offer my light-energies for the benefit and balance of many lifewaves, peoples, countries and nations.

Thank you, thank you, thank you! O sponsoring masters of this great nation, for the opportunity to raise Canada and the world into the perfection of the Holy City’s light. Amen.

Om Mani Padme Hum AUM

“The values of a nation cannot simply be handed down from on high, but must be created daily in the hearts and minds of the people who freely choose them, sustain them, defend them, and propagate them.” –William D. Gairdner.
