

Buddha Baby, Come! (For Mothers-to-Be)

Om Mani Padme Hum AUM

In the name I AM THAT I AM, my beloved Holy Christ/Buddha Self and Holy Christ/Buddha Selves of all lightbearers throughout cosmos, I call for the overshining presence of the Holy Family (Mother Mary, Saint Joseph and Jesus), the three wise men (Morya, Kuthumi and Djwal Kul), all Buddhas and bodhisattvas and all sponsoring masters to overshadow me and hold the immaculate concept for the divine outpicturing of my desire to bring forth a soul of light to Earth.

Beloved Divine Director, the God and Goddess Meru, Vaivasvata Manu, Archangel Raphael, Portia, Magda, Nada, Jar-El-Um, sponsor and support this holy soul through conception, birth, life and the ascension. Blessed Maha Chohan and Pallas Athena, protect the divine matrix of this soul during each trimester. Archangel Michael and your legions of protecting angels, overshadow the cosmic descent of the soul during the four quadrants of the cosmic clock prior to birth. Protect this soul in the etheric quadrant during the three months prior to conception, in the mental quadrant during the first trimester, in the emotional quadrant during the second trimester and in the physical quadrant during the third trimester.

O blue-flame power of the Solar Lords, surround the DNA double helix of this child. I offer my body to be the golden chalice in which this soul may reside until its birth. I ask my body elemental to lovingly tend to every detail of this baby's physical development. Beloved Mother Mary, Raphael, Maha Chohan and the angels who attend the birth of incoming souls, overshadow the delivery of this child until it is safe in my arms.

I call forth the violet transmuting fire to consume all karma—cause, effect, record and memory—that is able to be taken in this hour on all lines of the cosmic clock on behalf of myself, my partner and this incoming soul. I ask for the violet fire to consume all false qualities or perversions on each line of the cosmic clock and replace them with divine qualities. I ask for the sponsoring masters and the Karmic Board to personally choose the highest soul that I am best capable of sponsoring in this lifetime. In the name of Jesus the Christ, I accept this soul's glorious incarnation and victory in the light!

(Continued)

Beloved Archangel Gabriel, trumpet the announcement
of this soul into my waking consciousness, all in God's perfect timing.

Blessed Buddha baby, come; you are chosen as the One.
Blessed Buddha baby, come; follow light rays from the sun.

Holy Buddha baby, come, sealed in cosmic ruby flame.
Holy Buddha baby, come, claiming now the I AM name.

Crystal Buddha baby, come—blessed facet, diamond light.
Crystal Buddha baby, come; help us all to make things right.

Shining Buddha baby, come; bless us with your holy love.
Shining Buddha baby, come, sent with angels from above.

Loving Buddha baby, come, all ensconced in rainbow hues.
Loving Buddha baby, come, graced with cosmic gifts to use.

Sacred Buddha baby, come; fly on wings of God-desire.
Sacred Buddha baby, come—blessed child of cosmic fire.

Joyous Buddha baby, come, songs of praise now being sung.
Joyous Buddha baby, come, heaven's plans for you begun!

In the name of the Divine Mother on behalf of all sentient
life here below, I welcome this soul to Earth and accept this prayer
manifest in all planes of matter, now and for all eternity. Amen.
