

41. Afra's Spirit of Brotherhood

O beloved Afra, we do love thee
And your Soulfulness that we all share,
Your endowment of sublime felicity
Streaming over Mother Africa.

Let the fire of your Holy Spirit
Illuminate, beloved, and propel
Continuation of all concord
In all nations where your people dwell.

Chorus:

**We are victorious suns in Afra's loving heart.
Now Arcturus' violet fires to all impart.
See the Blue and Violet Races
Together now take part
In Afra's Spirit of Brotherhood!**

O beloved Afra, we extol thee
And the banner of Brotherhood you bear.
Threefold flame, expand and grow more brightly
In the service of Afrans everywhere.

We will be where you have called us
To produce a cosmic swell
Of violet fire through our right hand
Blue flame through the left—your solar flames impel.

Chorus:

**We are victorious suns in Afra's loving heart.
Now Arcturus' violet fires to all impart.
See all races on Terra
Unite with loving hearts
In Afra's Spirit of Brotherhood!**

O beloved Afra's chelas are we,
Emanating brotherhood within
The many nations of beloved Terra,
Your freedom fires accelerate and spin.

Now Afra's people master
Momentums of the past.
The splendors of their God-plan
Have emerged on the scene at last.

Chorus:

**We are victorious suns in Afra's loving heart.
Now Arcturus' violet fires to all impart.
See enthralled angels watch
As we all play our parts
In Afra's Spirit of Brotherhood!**
