

14. Be with Us

Angels of Love, come, be with us.
Tarry all night long.
Open our hearts wide with your light
As we sing your song.
Teach us the way home with your smile;
Be with us through every mile.
Angels of Love, come, stay with us,
'Til our hearts are one!

Angels of Faith, come, be with us
Through our darkest night.
Legions of blue fire, shine forth now,
Seal us in the light.
Show us the true path with your ray
Stand with us through every day.
Angels of Faith, come, stay with us,
'Til our hearts are one!

Angels of Peace, come, be with us;
Stay the tides of war.
Sing to us each day wisdom's song,
Open heaven's door.
Give us your true grace, free from fear
So we may know you are near.
Angels of Peace, come, stay with us,
'Til our hearts are one!

Interlude

(Continued)

Angels of Hope, come, be with us.
Seal our minds in grace.
Lilies of white fire in your arms,
Radiance from God's face.
Lead us through each trial, shine your light;
Help us to know wrong from right.
Angels of Hope, come, stay with us,
'Til our hearts are one!

Angels of Joy, come, be with us.
Raise our spirits now.
Speak to us each hour, words of praise,
Hear our inner vow.
Bowers of God's joy fill the air,
Flowers of grace we will share.
Angels of Joy, come, stay with us,
'Til our hearts are one!

Angels of Light, come, be with us.
Hold us in your arms.
Open our hearts wide with God's truth,
Keep us free from harm.
Paradise on Earth is our goal;
Help us to be pure and whole.
Angels of Light, come, stay with us,
'Til our hearts are one!
