

## 141. Call My Name

I am here at your beck and call  
With a smile inside my heart.  
Call my name and I'll answer you  
And the light above impart.  
In your trials and your darkest hour  
When your soul seems cold and gray,  
Call my name and I'll answer you  
With the sun's eternal ray.

I am here to comfort you  
When your burden's hard to bear.  
Call my name and I'll answer you  
With my tender loving care.  
Then you'll know just how much I share  
In your deepest hopes and dreams.  
Call my name and I'll answer you  
With the stars' eternal beams.

### *Interlude*

I am here to speak with you  
of the simple path of grace.  
Call my name and I'll answer you  
With the light of hope and peace.  
In the still, small voice within  
You will find your greatest love.  
Call my name and I'll answer you  
With the angels' grace above.
