

136. Master Morya, We Love You!

Master Morya, we love you,
Father, mentor and friend.
First ray chohan of God's will,
Lightbearers you defend.
From Darjeeling enfire us,
Stalwart, noble and true.
Always pointing to heaven,
Emanating *New Blue*.
We are grateful for your flame
Morya El, we love you.

Master Morya, inspire us
With Mercurian fare.
Flash forth brilliant light engrams
Unto life everywhere.
With the Magi you lead us,
Co-creation, our joy!
Each mandala of chelas
You with mast'ry employ!
We e'er live in the Presence,
Morya El, God's envoy!

Master Morya, we love you,
Bapu, brother and friend.
Radiating God-wisdom,
Cosmic rays you now send.
Leadership is your forté,
Guiding, coaching your way.
Clearing auras and chakras
As we enter the fray.
We are 'biding in your love,
Morya El, every day!
