

## 28. Take My Hand, Jesus Dear

Take my hand, Jesus dear, as we travel together  
Light my way on the path through all tempest and danger  
Be my guardian and friend through all strife that I see  
Keep me truthful and faithful, be ever with me.

Help me love every soul that I meet on the morrow  
Be with all whom I know who are burdened with sorrow  
Keep a smile on my face; let your eyes through me shine  
Keep me humble and helpful and patient and kind.

As we pass through the valley of darkness and shadow  
Keep my eyes on the goal as we follow the rainbow  
Lead me ever to live in the presence of love  
Send your angels to guide me with light from above.

### *Interlude*

Take my hand, Jesus dear, lead me higher and higher  
Let me breathe every prayer with the words you inspire  
‘Til at last in your heart I’m ascended and free  
Blessed Master, I love you, be ever with me  
Jesus dear, take my hand.
